

# AI & Business Youth Camp in Valencia

## Shaping the Next Generation of Tech Founders

Teen Startup Academy S.L. presents an immersive summer experience for teenagers aged 14–18 - where artificial intelligence meets entrepreneurship in one of Europe's most vibrant innovation hubs.

ERASMUS+ READY

# The Core Concept

We're not running another academic coding course. This is **fast-paced, real-world innovation** — where students build actual tech products and real businesses in days, not months.

## AI Assisted Development

AI-powered rapid prototyping - no dry syntax lessons

## Entrepreneurship

We validate ideas, learn to test them, build business models, and effectively pitch them.

## International

Cross-cultural teams, global mindset, Erasmus+ quality framework

EDUCATIONAL TRACK 1

# AI Assisted Development

Led by a **Senior Software Engineer** with commercial AI development experience, students skip the theory and go straight to building.

## → AI Tools & Prompt Engineering

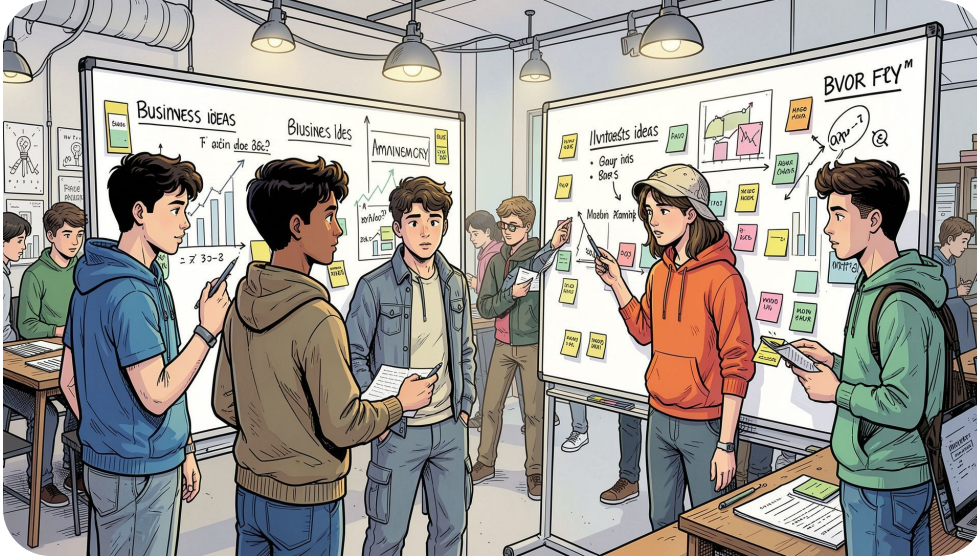

Master ChatGPT, Claude, and cutting-edge dev tools

## → Build MVPs in Days

From idea to working prototype  
— fast iteration cycles

## → Real Tech Stack

Web apps, no-code platforms,  
AI integrations

EDUCATIONAL TRACK 2

# Business & Agile Tracking

Guided by an expert **Business Tracker**, students learn to think like founders - validating assumptions, designing revenue models, and managing product sprints.

## Idea Validation

Customer interviews, problem-solution fit, lean canvas

## Agile Product Management

Sprints, stand-ups, backlog prioritisation

## Pitch-Ready Storytelling

Craft a compelling narrative for real audiences

# Beyond the Classroom: Tech Culture & Fun

Valencia is one of Europe's fastest-growing startup ecosystems. Our students experience it **firsthand**.

## Exclusive Tech Tours

Visits to Valencia's startup hubs and innovation campuses

## High-Energy Activities

Beach team-building, outdoor challenges, and cultural exploration in sunny Valencia

## International Networking

Connect with young innovators from across Europe — building friendships and future co-founders

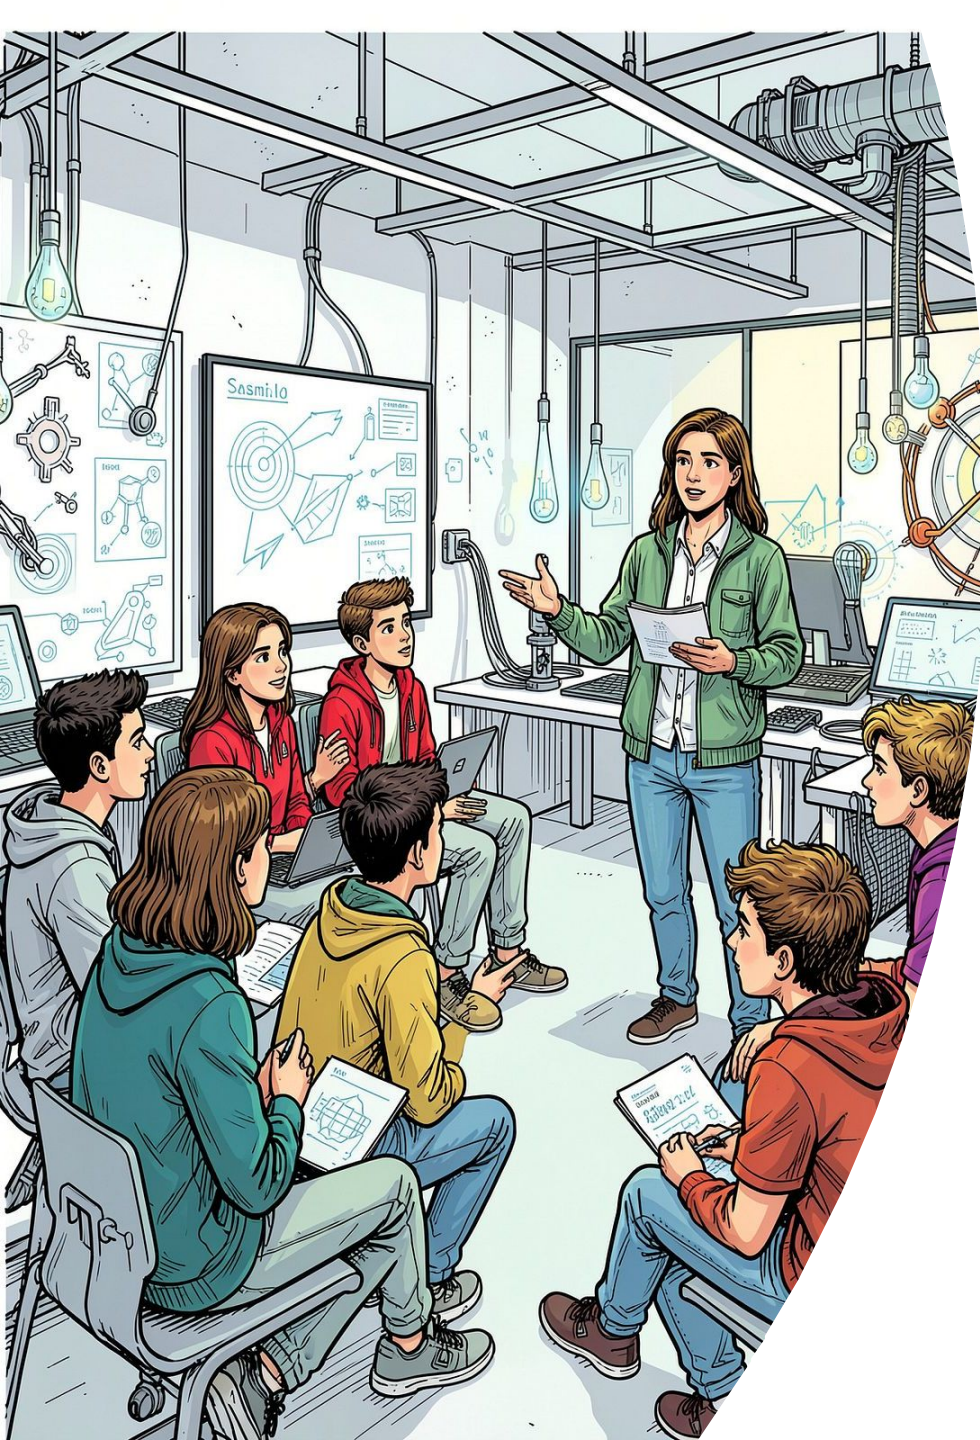

# The Grand Finale: Pitch Day & Graduation

The camp culminates in a **live Pitch Day** — students present their MVPs and business models to industry professionals and their parents (we organize a live stream of the event).

Every participant leaves with an **official Academy diploma**, a **portfolio-ready project**, and the confidence of a **young founder**.

## Why Partner With Us?

### Proven Track Record

Successfully delivered programmes for teenagers — safe, engaging, and impactful

### Qualified Staff On-Ground

A fully qualified, English-speaking educator already based in Spain, ready to coordinate logistics and pastoral care.

### Erasmus+ 2027 Ready

Curriculum designed to align with Erasmus+ 2027 standards — **flexible, European-aligned, and partner-friendly.**

### Co-Design Approach

We adapt the programme to your group's needs — language support, duration, and learning outcomes

# Let's Build This Together

We are looking for

**Erasmus+ Coordinators & EU Schools/Colleges** looking for a proven host partner in Spain for **KA1** Mobility, **KA2** Partnerships, and **VET Mobility** (2027 calls).

**UK Schools & FE Colleges** seeking a host partner for **Turing Scheme** overseas placements in Spain.

**Innovative Educators & Youth Organizations** wanting to deliver real-world entrepreneurship and IP tools to their students.

Book a **co-design meeting** with our team and let's tailor this camp to your students' needs.
